JEANINGS SCORE A DOBB FOR NOT REPORTING

By W. H. ROSS.

AUGUSTA, Ga., March 28.—One of the stories in circulation here today is that Hatcher Jeanings is sure to be out of the Detroit team, and doesn't fancy having his star player in such widely advertising at home. Cobb has signed up for the season. His neighbors think it was at a fabulous figure and agreed to report not later than last week.

He will show up in superior condition. He has done his training with the Augusta team and worked as faithfully as he could under any manager's eye. It is hard for him to keep out of the game when he knows the want of the bat, and besides he wants to help his team in his own town. He has been in a house in Augusta already, and moreover he has Manager Fred Lake and the Detroit players.

When Ty Cobb is playing ball he fights for his side like a real tiger. He will not let the club fall for a few dollars and will be the check for all the money that he can get. He will not let the club fall for a few dollars and will be the check for all the money that he can get.

Don't Need Sweaters.

It is another hot day. The players looked at the red nose and sweat-soaked shirts and knew that they would not need sweaters.

Lake is now at work getting several of the men from whom they have been taking sweaters. He will make a few better sweaters, and the boys will have them before long. He will make a few better sweaters, and the boys will have them before long.

Lake Knows How to Coach.

Fred Lake shows what a coach. If you play any game, and you are not giving instruction or criticism, his is to give him a willing attention, which tells him he is in his estimation. No player who is not giving instruction or criticism, his is to give him a willing attention, which tells him he is in his estimation.

TY COBB TELLS REASONS WHY HE HAS NOT REPORTED

AUGUSTA, Ga., March 28.—"The only difference between myself and the Detroit Club are these four minutes which you see on this table, and all runners to the contrary are false," said Ty Cobb at his press conference.

EVERYTHING HELPS

A man asked us yesterday what was the chief point that made our clothes look better than the clothes of other tailors. Well! It is a hard question. The best answer would be to sum up several of the things that help.

In buying wolens, our **Mr. Kent** has the reputation of being the most daring and the closest cash buyer in Boston. He feels the season's needs by instinct and acts on impulse. That accounts for our excellent assortment of right styles—also for the low prices. Our designers are experts—men of education and experience. They are right.

Every inch of cloth is shrunk until there isn't an inch of shrink left in it. That is why our clothes stay where they ought to stay, instead of trying to crawl into a boy's size on the first damp day.

Our workmen are all high priced operators who know that a job with us is a job for life—with no long lull between rush seasons—and who know our methods and stability in the trade. You couldn't bribe one of our men to skip a shoulder or neglect a collar for ten times

Every suit is tried on by the man who designed it. He suggests all the little finishing touches and his job, also, depends upon his ability to fit you. We won't keep a man in our employ who doesn't de-

Out of 2,500 styles of new goods-in-the-piece—this season's product—you ought to be able to choose a pattern that will suit you. The price for suit (or overcoat) will be **\$15 to \$25**—depending on the goods you choose—and you will be **saving \$15 for yourself in real money**. Call day or evening and see us. Send for special circular and samples if you wish. A postal will bring it.
